REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or provide motivation to form an artificial stone wall material comprising a composition of elements structurally related as set forth in claim(s) 1-7 and 9-16. Specifically, the prior art fails to teach forming a concavo-convex surface having a maximum height between concavity and convexity ranging from 5 mm to 100 mm in combination with the structural elements claimed. It is noted that this range in height is taught as being necessary for optimal interaction between radiation and the transparent inorganic fine particles (page 8 of the present specification).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Aaron S. Austin whose telephone number is (571) 272-8935. The examiner can normally be reached on Monday-Friday: 7:30 AM to 4:00 PM.
